Hi Jenny,

I sent a couple of letters out to residents last week. Sorry, I forgot to forward them to you. I've attached the letters; feel free to change the letters and tailor them to Region V. Please let me know if you think we should make some changes to them as well. I tried to make the letters as basic as possible so that the residents can understand what we're asking.

I'm sorry I missed the technical meeting today. Are there any other letters that we need to send out to unresponsive residents?

Hi Roger and Kevin,

We still need to send out the letters to the residents that DuPont could not reach. Kevin, were you drafting a letter for that? If you were, I don't want to add stress because I am sure you have other things to do, but do you think you could complete it sometime in the next two weeks? Then, I thought we could have a meeting and talk about it and start sending them out by Region.

Thank you,
Jenny
